Who we are? Who are we? Well, we are people who love Leather foremost and, not just any type of leatherwork, we passionate about Quality Leatherwork. I think this passion for quality is what sets us apart in our industry. We are a small business that prides itself on the quality of our products. We are certified to handle, sell and work on all types of leather and are able to issue certificates to enable legal transport out of South Africa. Here at Katundo Leather, we use authentic South African leather, as well as leather that originates from adjacent African countries. Our leather is from legal and sustainable sources.
