Very excited to announce that we now have a office situated at Turboformance in Riverside Industrial. There's access to a 4 wheel drive dyno, fully functional workshop, all your Turbo needs and much more.Please come make a turn to discuss any performance and economy upgrades, Exhaust Gas Recirculation EGR, DPF, DTCS, turbo's, AdBlue deletes, advanced diagnostics, Mercedes key coding, filters, repairs and more.Here are some Facebook excerpts of just some of work we have done:Vehicle software upgrades. Tuned to client's specific need. Four wheel drive dyno, advanced diagnostics, high performance air filters (OEM replacement) and much more.We can do software upgrades and solutions on approximately 90% of all vehicles on the road. From Economy tuning to performance tuning, all safe for everyday use. We can make Mercedes Benz FSB3 keys, and some other vehicle keys. We stock BMC and K&N high performance air filters. We also assist with emulators on w204 Mercedes Benz models when the steering lock failed.Spare key made for a A-class Mercedes, another steering lock emulator for a w204 Mercedes, Kia Sportage in for o2 delete, Golf GTI DTC delete and to close the day a Land Cruiser v8 diesel, tuned with some massive gains.Mercedes Benz in for DTC delete, Opel Astra for o2 delete, Mahindra M-hawk for stage 1 + EGR and to close the day a

Fortuner in for a ECO map.Diagnostics on a SLK with starting issues, Land Rover Puma injector coding, Renault Duster for ECO map + EGR/DPF delete and a DPF blocked on a Ford Torneu.Land Rover Defender td5 in for stage 1 tune. Came in at 85kw and 295nm, left with 113kw and 400nm.VW Polo EGR/DPF delete, W204 steering emulator, Viano test map, custom Land Cruiser tune, Mazda BT50 stage 1 tune, Toyota 2.5 D4D for custom tune, I'm truly impressed, spare key for a ML350 and another late night w204 steering emulator with my headlamp on.Audi A4 EGR, DPF delete, Mercedes Benz W204 steering lock emulator, Mercedes Benz ML270 ECO map and complete system flush/clean (and while we were busy we restored the headlights). VW Caddy in for stage 1 map with EGR/DPF delete.
