COTTAGE 18 MONTPELLIER Built on a former wine estate, 18 Rue Montpellier is full of history, and this is no more apparent than in the thatched Cape Dutch-style cottage. The cottage itself is around 45 years old and was built in the 80s. With its classic/antique furniture, wooden beam-lined ceilings, and stunning wood flooring, you'll feel enchanted by its rustic and homely vibes. Rustic doesn't mean dusty – or outdated, as you'll see in the newly renovated bathrooms, modern amenities, and fully kitted out kitchen. So whether you'd like to cook up a feast or visit a nearby restaurant, there's lots on offer. The house is equipped for all seasons. Come in the winter and you'll be able to cozy up with a book next to the gas fireplace or simply enjoy a Netflix series on the 40-inch smart TV (international channels are also available). In the summer, you can enjoy a quick dip in the cottage's private pool, take in the incredible mountain vistas on the terrace with vine-adorned columns, and enjoy a BBQ/braai with some fantastic local wine. Regardless of your choice, we prioritize your enjoyment, convenience, and peace of mind. Our cottage features complimentary, high-speed WiFi, air conditioning, an alarm system, secure private parking, and an inverter for load shedding. Additionally, our staff can help with luggage upon arrival and accommodate late arrivals. For more info, visit our special discounted (long term) rates and bookings page.
