At van der Walt dental practice we strive to provide our patients with quality dental treatment at affordable prices. Our focus is to treat the whole family + make it a fun and positive experience. We understand that treating a family could be costly! Therefore we provide the option of claiming directly from your medical aid if you prefer.Patients without a medical aid will still be charged at rates similar to medical aid fees. (Please refer to section on fees and pricing) For those who like to treat themselves we offer cosmetic services in our bright modern environment which is mostly not covered by medical aids.
