Welcome to Pro Life Pet Rescue Pro Life Pet Rescue is a rehabilitation & adoption agency for animals in and around Nelspruit. We do not euthanise healthy animals as we believe that all animals deserve a second chance. Pro Life Pet Rescue was founded by Karin Erasmus & friends. Through their love for animals, Pro Life aims to give every abandoned pet a loving home where they will feel comfortable and happy. To find out what pets we have available for adoption, please contact Karin Erasmus. What We Do Because Pro Life has a no-euthanasia policy, our efforts involve finding forever homes for abandoned, mistreated, lost or less fortunate pets. We are always looking for temporary and permanent homes to assist us with our cause to find a happy home for these pets. We run a charity shop where we sell anything that will assist us in raising some money to pay for the pet food and health expenses. All public are welcome to donate any old clothes, furniture, books, dvds, curtains etc. How You Can Help We are always so grateful for all the help that we can get. Assistance in the following ways would be very much appreciated: Fostering cats & dogs Pet food for dogs & cats Donations towards medical bills & kennel fees Blankets and toys for cats & dogs Bank Details for Donations Pro Life Pet Rescue Standard Bank Nelspruit Account number: 03 02 609 65 Branch code:
